REPORT OF THE FIRE AND FOREST WARDEN DE- PARTMENTS FOR THE YEAR 1934

To the citizens of the Town of Harwich:—

In having the privilege of submitting my first annual report of the activities of these departments, I wish to express my sincere appreciation of the splendid cooperation and the united support of my fellow citizens who are associated with me in this line of endeavor and whose support and loyalty in this cause is of proven worth on many a hard, even hazardous occasion, in which their services have proven of such inestimable value to me and also to the community in which they so loyally serve.

During the past year we have gradually added to the necessary equipment required for the betterment and maintenance of this work, but nevertheless, we are sadly lacking in some most essential equipment in combating our fires.

And finally, I wish to call the attention of the people of the Town to the vast importance of keeping up the efficiency of these departments to the highest point of development, with positive assurance that the public will, in every instance, reap almost invaluable returns for the money which they appropriate for the betterment and use of these most important and necessary departments.

Following is a summary of fires during the current year:—

Total number of calls answered	57
Real Estate and Personal Property involved	\$162,925.00
Estimated loss on above	8,545.00
Loss to wood land	50.00

Respectfully submitted,

GEORGE M. MOODY,

Chief of Fire Department.

Forest Warden.

REPORT OF THE POLICE DEPARTMENT

To:

The Honorable Board of Selectmen
Town of Harwich,

Gentlemen:

I herewith respectfully submit my annual report of the Police Department for the Town of Harwich, for the year ending December 31, 1934.

Buildings found open	25
Distance covered by Police cars	43,750 miles
Trips by automobile with prisoners	
Provincetown	42
New Bedford	1
Hyannis	3
Barnstable	5
State Farm	3
Fines received from the 2nd District Court	\$219.00
Received from other towns for the use of lockup	56.75

Respectfully submitted,

EMULOUS E. HALL,
Chief of Police

To: The Honorable Board of Selectmen,
Town of Harwich, Mass.

Subject: Report of Activities.

Gentlemen:

A detailed statement of the number of cases brought before the Court has been submitted and is before you, together with a statement of other activities that do not result in Court action. Some comment on those figures might

be helpful to enable the town to understand what the Police Department is doing.

The usefulness of a Police Department cannot be judged solely by the number of arrests made by it. Just as useful police work may be done by preventing crime, as to apprehend and punish. You will notice that the drunks are still with us in considerable numbers. Drunkenness is a minor offence. It might be said that a Police Department should have better business than merely arresting drunks. But in these days every drunk that can operate an automobile is a possible driver, his arrest for the minor offence of drunkenness may prevent a more serious crime of operating a motor vehicle while under the influence of liquor or it might prevent a serious auto accident where human life would be endangered. With this possibility in view the department must continue to arrest the drunks and consider it police work of great importance.

The presence of a night patrol has undoubtedly discouraged many who might be tempted to commit the crime of breaking and entering buildings. During the past year there has been no breaking or entering of importance except in one case, which was a summer home down on the beach. There has been some pilfering of gasoline.

Automobile accidents are common especially during the summer and early fall. Every accident that comes to the attention of this department is investigated to determine if there is any criminal negligence. If such is found, the driver is taken off of the road and the highways are made safer by his absence therefrom.

You will note that fifty-one complaints were investigated. Many of them did not result in Court action and were unwarranted. Every citizen has a right to make complaints and it is the duty of the department to investigate. No officer can tell until he inquires whether or not the

complaint is warranted, but he must spend perhaps a great deal of time in this work, that does not result in any action.

Every summer resident has a right to feel that his property will be protected in his absence and it is for our interest that he should feel so. The report shows frequent inspections are made and often. Situations are sometimes found that might result in great loss unless immediately corrected, such as doors being left unlocked, windows left open more especially so found on our first round of inspection.

You will note that forty-two trips were made taking prisoners to Provincetown. This sometimes necessitates two officers and generally takes at least one-half a day.

You will note that fifty-nine persons were confined in the lockup during the last year by this department, in addition to twenty-three from other towns. For these compensation is paid to this town.

The cells of the lockup are of an antiquated type and should be replaced by modern, movable steel cages. The building should be remodeled as the occasion often arises where an officer wants to interview some one in privacy. As it is now, the interview must be held in the presence or hearing of a possible prisoner. A private office should be provided for the Chief where he could keep all private records on file and could talk with people with whom he has business. Adequate toilet facilities should also be provided.

Many of the surrounding towns have no lockups and are not required by law to have them. In my opinion there will be an increase in use of the lockup, and it should be made adequate for its intended use.

This department has a complete finger print equipment in use and prints are taken of all arrested on serious

offences. Complete index and records are kept of all cases. These matters are of importance to this town and other towns and if we are able to help other towns, or State and Federal authorities it will help make police work more efficiently done.

I might say at this time that this department is in need of a new revolver for each officer as no two officers at the present time have revolvers alike in this department. Some are very antiquated and each man should have a modern "Police Positive" revolver of 38 calibre. Also a target range should be built so that the officers could have regular target practice, if the occasion should arise that an officer needed to use his gun in an emergency he would be efficient in this respect.

Respectfully yours,

EMULOUS E. HALL

Chief of Police

VICTOR S. RYDER,

Sealer of Weights and Measures.

REPORT OF INSPECTOR OF PLUMBING

To the Board of Health
Harwich, Mass.

Gentlemen:

I herewith submit for your approval my third annual report as Inspector of plumbing.

This report is from January 1, 1934 to January 1, 1935.

I have issued 64 permits as follows:

26	\$5.00 permits	\$130.00
3	\$3.00 permits	9.00
11	\$2.00 permits	22.00
4	\$1.00 permits	4.00
20	permits—no fee	
		\$165.00

The total amount that I have received is \$165. The number of calls on each application has averaged one to three. The number of permits that I have issued has been for \$21,065. worth of new plumbing thus increasing the valuation of the town that amount this year.

When the Town of Harwich in February 1931 adopted certain sections of the General Laws they automatically adopted Chapter 142 General Laws, Rules and Regulations for Plumbing.

I was appointed in May 1931 as Inspector of plumbing to carry out the purpose of these laws and enforce them.

The title of Master Plumber is an honorable one that he has been obliged to earn. There is no job in the building of a new home or in alterations that is so important to health as is the installing of sanitary plumbing. My

job is to see that it is done. I find that the majority of the plumbers are conscientiously doing their work according to the laws and that in a large number of cases they advise with the Inspector in the estimating of their jobs and thus eliminate any expensive changes after roughing in, especially in old buildings.

In these cases the owners have many times expressed their thanks for this sanitary security and their appreciation of living in an up to date town.

I wish to thank the board and the Master Plumbers of Harwich for friendly cooperation in the discharge of my duties.

Respectfully submitted,

JOHN T. WOOD

Inspector of Plumbing

REPORT OF TRUSTEES OF BROOKS LIBRARY

To the Citizens of Harwich:

The Trustees of Brooks Library submit the following report.

Nickerson Fund for Non Fiction

On hand December 31, 1933	\$5,136.64
Interest, 1934	178.43
Expended, 1934	183.32
Amount on hand Jan. 1, 1935	5,131.75

During the past year the library has been put in excellent condition by the Division of Public Libraries, the only expense to the town being supplies and living expense of the workers.

Books have been presented the library by Mrs. Rebecca Smith and Miss Bethia Paine for which we heartily thank them.

Another Rogers group has been added to the very splendid and valuable collection owned by the town.

Owing to other urgent needs the number of new fiction books is small but the Nickerson Fund has provided many interesting books of travel and biography. There are the usual number of high grade magazines suitable for all ages.

The library is open from 1.30 until 5.30 every Saturday afternoon and the librarians are always pleased to welcome and assist everyone who comes to enjoy what the library has to offer.

Respectfully submitted,

Mildred B. Paine,

Madeline J. Crowell,

Hillary M. LeClaire,

Trustees.

TOWN CLERK'S REPORT

TOWN CLERK'S RECORD:

Annual Town Meeting February 5, 1934, opened at 9 o'clock a. m. Warrant was read by the Town Clerk, followed by action on Article I. To choose a Moderator to act at said meeting.

John H. Paine was elected and duly sworn.

Under Article 2, the election of officers proceeded, with the following tellers, who were duly sworn—Ozias H. Bassett, Earle B. Eldredge, Roy H. Chase, Maurice C. Eldredge and George W. Banspach. Alton A. Bearse was at the ballot box. Polls opened at 9.15 o'clock and closed at 3.00 o'clock p. m.

840 ballots were cast and at 7 o'clock the result of the voting was announced.

The list of the elected officers will be found on the first page of this book.

Adjournment was made until Tuesday, February 6th, 10 a. m.

The adjourned meeting was opened with an invocation by Rev. Alfred Ray Atwood of Harwich Center. Rev. L. V. Farnsworth of Pilgrim Church, Harwich Port, spoke in tender terms and paid a grateful tribute to the late Joseph K. Robbins of Harwich Center, who died December 31, 1933. Mr. Robbins was one of the Town's most respected and honored citizens. He was a member of the Board of Selectmen of this town in 1899, 1900, 1901, 1902, 1903.

He was a constant attendant at Town Meetings; well posted in town affairs. He spoke on many articles in the

annual warrant always for the proper guidance and welfare of the Town.

During the silence of one minute, all present paid their respect to the memory of our distinguished and revered citizen.

Article 3. To choose all other necessary Town Officers and Committees.

The following officers were nominated from the floor and confirmed by voice vote:

Trustees of the Caleb Chase Fund—Theophilus B. Baker, Walter Emery, Roger W. Tillson, Earle B. Eldredge, James F. Ryder, Joseph B. Atkins, John T. Wood.

Surveyor of Wood and Lumber:—Roswell H. Nye.

Fence Viewers, Field Drivers and Pound Keepers:—The Constables.

Finance Committee for Three Years:—Roger W. Tillson, Earle B. Eldredge, Isaac B. Kendrick.

Article 4. To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year, and act fully thereon.

So voted.

Article 5. To hear the report of all Town Officers and Committees for the year 1933.

Report of Town Officers and Committees accepted. Under this article, Article 45 of the 1933 warrant was taken up. A committee was appointed in 1933 to report at this meeting relative to abolishing the Herring Committee. That Committee reported as follows:-

When the Town was receiving revenue of \$1200.00 a year for the Herring Brook, it was thought necessary to have a Herring Committee to see that the herring got up

and down the stream to the ponds to spawn. Now that the revenue is only \$100.00 a year, with no sale for herring and no use being made of them, we feel that it is unnecessary to have a Herring Committee; that it be abolished and the matter of keeping the stream opened be left in the hands of the Selectmen.

Signed: Charles T. Chase, Thomas H. Nickerson.

After discussion of this matter it was voted not to accept the report. Thus the Herring Committee still exists.

Article 6. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, and act fully thereon.

The following sums were raised and appropriated:

Hearings	\$ 200.00
Moderator	20.00
Selectmen and Assessors' Salaries	3,100.00
Selectmen's Expense	300.00
Assessors' Expense	400.00
Accountant's Salary	900.00
Accountant's Expense	35.00
Treasurer's Salary	1,800.00
Treasurer's Expense	500.00
Treasurer's Bond	84.00
Town Clerk's Salary	300.00
Town Clerk's Expense	125.00
Election and Registration	600.00
Miscellaneous	300.00
Exchange Building	2,000.00
Law	200.00
1933 Unpaid Bills	800.00
Police Department	4,000.00
Reserve Fund	3,000.00
Forestry—For Town Work	1,000.00

For Private Work	1,000.00
Tree Warden	25.00
Fish Warden	100.00
Fire Warden and Department	2,740.00
Wire Inspector	100.00
Sealer of Weights and Measures	300.00
Board of Health	4,000.00
Dump	1,000.00
Inspector of Animals	75.00
Inspector of Slaughtering	75.00
Highways—General Repairs	7,000.00
Bridges	150.00
Fences and Railings	450.00
Snow	500.00

Park Commissioners	500.00
Town Reports	530.00
Insurance	1,200.00
Repairs of Public Buildings	1,500.00
Soldiers Benefit	500.00
Advertising	300.00
Office Equipment	200.00
Stenographer's Salary	500.00
Old Age Assistance	5,000.00
Vault Equipment	195.00

Town Clerk's Bond	5.00
Collector's Bond	168.00
	<hr/>
	\$109,797.00

Article 7. To see if the town will vote to instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85 and acts and amendments thereto to the revised Laws of Massachusetts and to make any regulations in regard to such fisheries as may be expedient, and act fully thereon.

Accepted and adopted.

Article 8. To see if the town will vote to erect and maintain two street lights on Park Street, Harwich Center, and to raise and appropriate a sufficient sum of money for this purpose. By request.

Accepted and adopted and \$34.00 was raised and appropriated.

Article 9. To see if the town will vote that an appropriation be made for the erection and maintenance of two additional lights on Depot Road, West Harwich.

Accepted and adopted and \$34.00 was raised and appropriated.

Article 10. To see if the town will vote to raise and appropriate the sum of One Hundred and Seventy-five (\$175.) Dollars to continue with some hardening material the sidewalk from Francis P. Larkins' on Main Street, Harwich Center, easterly to the east driveway of Bernard W. Andrews, and act fully thereon.

Accepted and adopted and \$75.00 was raised and appropriated; with the addition that crushed stone with tar binder be used.

Article 11. To see if the town will vote to raise and appropriate a sufficient sum of money to purchase and supply the materials necessary to harden and improve the sidewalks on the west side of Bank Street, from the foot of Moody's Hill, so-called, in Harwich Center to Main Street in Harwichport, and act fully thereon.

Accepted and adopted and \$500.00 was raised and appropriated; with the addition that crushed stone with oil or tar binder be used.

Article 12. To see if the town will appropriate the sum of Twelve Hundred (\$1200.) Dollars; this sum to be used for the following purpose:— 1st. For the grading and improving the Town's land at the foot of Central Avenue, on shore front. 2nd. For erecting retaining wall on front of said land. 3rd. The Selectmen shall cause to be erected on this land a covered outlook with cement floor. All the above work to be done in the year 1934.

The Finance Committee's recommendation was accepted and adopted: that the amount of \$300.00 be raised and appropriated for grading, hardening with loam and building wooden steps and seats under section 1 of this article and that sections 2 and 3 be indefinitely postponed.

Article 13. To see if the town will vote to raise and appropriate a sufficient sum of money to brush out and put in passable condition the road known as John Joseph's Road, which was laid out by the town and accepted at a Town Meeting held on May 23, 1855; the original lines of said road to be run out and established, said road never having been discontinued.

Indefinitely postponed—as C.W.A. has done the work.

Article 14. To see if the town will accept the land as a Public Way as shown by a Plan and Deed filed herewith at West Sequattom, Pleasant Lake, from the East Boundary of the New York, New Haven & Hartford Rail-

road to the East boundary of Jennie T. Moody's homestead lot as laid out by the Selectmen, and raise and appropriate One Thousand (\$1000.) Dollars for the improvement of the same.

The acceptance of this article was lost by a standing vote of 54 for and 66 against. It was then indefinitely postponed.

Article 15. To see if the town will vote to accept the set of By-Laws as drawn up by the committee appointed at the last annual Town Meeting.

BY-LAWS FOR THE TOWN OF HARWICH

TOWN MEETINGS

ARTICLE I

The Annual Town Meeting shall be held on the first Monday in February.

ARTICLE II

All warrants for town meetings, whether annual or special, shall be served by posting attested copies in each post office in said town not earlier than 14 days nor later than 7 days before the meeting; and by printing a like copy in one or more newspapers published in said town.

ARTICLE III

All articles to be put in the annual town warrant shall be presented to the Selectmen not later than Dec. 31, previous to the town meeting.

ARTICLE IV

All motions and amendments shall be in writing when required by the Moderator.

ARTICLE V

Reports of all committees shall be in writing.

ARTICLE VI

No one but the Moderator shall interrupt another while speaking except to call him to order.

ARTICLE VII

No one shall speak on the same question more than twice nor longer than ten minutes without leave of the meeting.

ARTICLE VIII

No motion, moved, seconded and stated, can be withdrawn without a vote to that effect.

ARTICLE IX

When a vote decided by the Moderator is questioned, it shall be made certain by the voters on either side rising and standing until counted by the Moderator or by tellers appointed by him.

ARTICLE X

No one shall move the reconsideration of any vote unless he voted in the majority, said motion to be made within thirty minutes of the passage of such vote. The Town Clerk shall note in writing the time of the passage of the vote, and also the time when motion of reconsideration was made.

ARTICLE XI

During the legislative session of town meetings the floor shall be occupied solely by voters, and it shall be the duty of the Moderator during the polling of questions to clear the floor of all non-voters.

FINANCES

ARTICLE XII

The fiscal year shall end on the last day of December.

ARTICLE XIII

After every annual or other town meeting, at which any money is voted to be raised, the Clerk shall make a list of the sums voted, expressing therein the particular purposes to which they are to be applied, and deliver the same to the Selectmen.

ARTICLE XIV

The Selectmen shall report to the annual town meeting the financial condition of the town at the close of the fiscal year preceding such meeting. Said report shall state what expenditures have been made, what balances of appropriation, if any, remain unexpended; and shall contain the warrant for the next annual town meeting.

ARTICLE XV

All elective or appointive officers and committees shall make a written report to the Town, and such report shall be embodied in the annual Town Report. Such a report shall be itemized to the extent of showing at least the amounts of money, goods, refunds, credits, or abatements received by each person from the town excepting such amounts as are prohibited by law from being published. The Town Clerk's report shall include his record of the annual Town Meeting and all special meetings held during the year for which the report is made. The report of the Finance Committee shall be published at least once before the annual Town Meeting in the town newspaper.

ARTICLE XVI

If an appropriation made for a specific year is not applied to the object for which it was designed, it or the

ARTICLE XVII

unapplied balance thereof shall revert to the general treasury.

If a certain sum of money is appropriated for a special object, and if an occasion should arise requiring a much larger expenditure of money, the Selectmen may call a special town meeting for the purpose of making such further appropriation.

ARTICLE XVIII

The payment of all moneys by the Treasurer shall be made by the order of the Selectmen, or a majority of

them, in writing, which shall indicate the appropriation from which the money is to be paid; but no orders shall be drawn by the Selectmen, and no orders paid by the Treasurer, for any purpose not obligatory by law or not determined by the town.

TOWN OFFICERS

ARTICLE XIX

The Clerk of the town shall notify all committees appointed at the annual town meeting of their appointments.

ARTICLE XX

The town shall have a Finance Committee, whose duty it shall be to submit a budget at the annual town meeting and consider any and all municipal questions for the purpose of making reports and recommendations to the town as provided by Chapter 388 of the Acts of 1923. Said committee to be appointed by the Moderator in open town meeting and to consist of nine members, three to be so appointed every year, and no one of said committee shall be a holder of elective town office at the time of his appointment.

STREETS AND HIGHWAYS

ARTICLE XXI

The official or officials having in charge the streets and highways may grant licenses in writing for the obstruction of any part of the highways or streets, or for such excavation as may be needful, for the purpose of erecting, repairing, altering or removing any building, or for the laying of drains, water pipes, or for any other purpose which to them may seem reasonable.

ARTICLE XXII

Every person receiving such license shall execute a written agreement to indemnify the town against all damage or cost by reason of any claim for damages, or

by reason of any process, civil or criminal, on account of the existence of such obstruction or excavation; and the road officials may impose such conditions and limitations as they shall see fit in respect to maintaining lights and taking other precautions for the safety of travellers.

ARTICLE XXIII

No person or corporation shall break or dig up the ground in any highway or street, or cause any obstruction to be placed thereon, without a written license from the road officials. And any person so licensed who shall break or dig up the ground in any highway or street shall, before the expiration of his license, restore the same to the acceptance of said road officials. The foregoing shall not apply to the temporary deposit of goods in the streets when loading or unloading, providing the articles so deposited shall be removed.

ARTICLE XXIV

No one shall pasture his cow or other animals in the streets or highways unless such animal has a keeper.

ARTICLE XXV

Every driver of a vehicle or other conveyance travelling on any street intersecting any through way heretofore or hereafter designated as such, shall stop such vehicle or other conveyance at the intersection of such streets; subject, however, to the direction of any traffic control signal, sign or device or the direction of any police officer. Any person violating the provisions of this By-Law shall be punished by a fine not exceeding \$20. for each offense.

ARTICLE XXVI

Whoever violates Articles XXIII and XXIV of the By-Laws of the Town of Harwich shall, except where a different provision is made by the laws of the Commonwealth, forfeit to the use of said town a sum not exceeding \$20. for each offense.

Each article of the By-Laws was accepted and adopted except articles 15, 16, 24, 25, 26.

No. 15 add the words "real estate" before "abatement" in the fifth line.

No. 16 to be stricken out entirely.

No. 24 Last six words "unless such animal has a keeper" to be omitted.

No. 25 to be stricken out entirely.

No. 26 Add after "exceeding \$20.00" "as a fine, such fine, however not to act as a bar to an action of tort."

Article 16. To see if the town will vote to authorize the Selectmen to make application to the proper court praying for a final disposition of the fund now held by the town known as the "Benjamin D. Eldredge Town Pump Trust Fund," the object of said trust fund having been removed and destroyed by previous vote of the town.

Accepted and adopted.

Article 17. To see if the town will vote for the appointment of a Fish and Game Warden as provided in Chapter 21, Section 7, of the General Laws of Massachusetts and raise and appropriate the sum of Two Hundred (\$200.) Dollars for the salary of such warden.

Accepted and adopted and \$200.00 raised and appropriated.

Article 18. To see if the town will vote to raise and appropriate the sum of Twenty-five (\$25.) Dollars for the expense of an officer finding and disposing of uncensed dogs, and act fully thereon.

Accepted and adopted and \$25 raised and appropriated.

Article 19. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars for the benefit of the Chase Library, West Harwich.

Accepted and adopted and \$300.00 raised and appropriated.

Article 20. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars for the benefit of the Harwichport Library Association.

Accepted and adopted and \$300.00 raised and appropriated.

Article 21. To see if the town will vote to raise and appropriate a sum of money not to exceed Twelve Hundred (\$1200.) Dollars, under the provisions of subsection 21 of Section 1 of Chapter 371 of the Acts of 1921, and any and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

Accepted and adopted and \$1,200.00 raised and appropriated.

Article 22. To see if the town will vote to raise and appropriate the sum of Twenty-five Hundred (\$2500.) Dollars to be used under the direction of the Selectmen for the promotion of public recreation and amusement in the form of Baseball, in accordance with Legislative Acts of 1930, Chapter 12, Section 1.

Accepted and adopted and \$2,400.00 raised and appropriated. This action was made legal by a rising vote. 192 for, and none against.

Article 23. To see if the town will vote to appropriate the sum of One Hundred (\$100.) Dollars to defray the expense of the Stonehorse Club in promoting an All Cape Regatta during the summer season of 1934, this money to be spent under the direction of the Race Committee of said Club as seems best suited to bring the greatest possible number of visiting yachtsmen and yachts to the regatta.

Accepted and adopted and \$100.00 raised and appropriated. This action was legalized by a rising vote of 138 for and none against.

Article 24. To see if the town will vote to raise and appropriate the sum of Three Hundred (\$300.) Dollars to pay part of the expense for the Washington Trip of the Harwich High School Senior Class; this money to be expended under the supervision of Principal Paul A. Morris.

Found to be illegal and article indefinitely postponed.

Article 25. To see if the town will appropriate the sum of Seven Hundred (\$700.) Dollars (in addition to the State Tax) for mosquito control, or do or act anything thereon. By request.

Accepted and adopted and \$700.00 raised and appropriated.

Article 26. To see if the town will authorize the Treasurer to assign tax titles owned by the town.

Accepted and adopted.

Article 27. To see if the town will appropriate the sum of One Hundred Seventy-five (\$175.) Dollars to reimburse the Saybrook Dredging Company for work done at Wychmere Harbor.

Accepted and adopted and \$150.00 raised and appropriated.

Article 28. To see if the town will appropriate the sum of One Hundred (\$100.) Dollars to maintain the light at entrance of Wychmere Harbor.

Accepted and adopted and \$60.00 raised and appropriated.

Article 29. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars to reimburse the Department of Public Works, as a con-

tribution of the town toward the increased cost of dredging at Wychmere Harbor, and act fully thereon.

Accepted and adopted and \$500.00 raised and appropriated.

Article 30. To see if the town will appropriate the sum of One Thousand (\$1000.) Dollars, providing the Selectmen can get a contribution from the State and County, to complete the East jetty with stone at Allen's Harbor.

Indefinitely postponed.

Article 31. To see if the town will vote to raise and appropriate One Thousand (\$1000.) Dollars to dredge Wychmere Harbor and channel to deep water, providing that the State and Federal Governments will contribute sufficient funds to complete the project, and act fully thereon.

Accepted and adopted and \$500.00 raised and appropriated.

Article 32. To see if the town will vote to raise and appropriate the sum of Seven Hundred and Fifty (\$750.) Dollars, providing the state will contribute the same for the purpose of dredging out the entrance to the Round Cove at Pleasant Bay, and act fully thereon.

Accepted and adopted and \$750 raised and appropriated.

Article 33. To see if the town will vote to grant to the Chatham Water Company, a franchise to install a water system within the town limits; to lay water mains in accordance with plans already drawn by Chase & Gilbert; to rent at least one hundred (100) hydrants per year at a cost of not more than Fifty (\$50.) Dollars each, or to take any other action necessary in the matter and to raise and appropriate a sum of Five Thousand (\$5000.) Dollars therefor.

Voted to postpone indefinitely. 163 voted for and 2 against postponement.

Article 34. To see if the town will raise and appropriate the sum of Fifteen Hundred (\$1500.) Dollars to be used for the purchase of materials on C. W. A. projects, said money to be spent under the supervision of the Selectmen.

Accepted and adopted and \$1500.00 raised and appropriated.

Article 35. To see if the town will vote to rescind the vote of the year 1927 whereby One Hundred and Twenty-five (\$125.) Dollars was appropriated for the improvement of the beach at West Harwich, said work having been completed with money from other sources, and that this amount revert back to the Town Treasury.

Accepted and adopted.

Article 36. To see if the town will vote to raise and appropriate the sum of Six Hundred (\$600.) Dollars to reimburse the Department of Public Works for dredging Herring River.

Accepted and adopted and \$600.00 raised and appropriated.

Article 37. To see if the town will vote to raise and appropriate a sum not to exceed Five Hundred (\$500.) Dollars to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the hospital for the care and treatment of persons certified by the Selectmen to be residents of the town and unable to pay for such care and treatment, in accordance with Section 74, of Chapter 111 of the General Laws, or take any action in relation thereto, and act fully thereon.

Accepted and adopted and \$500.00 raised and appropriated.

Article 38. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars for the use of Harwich Post, No. 292, American Legion, in

the proper observance of Memorial Day and Armistice Day.

Accepted and adopted and \$350.00 raised and appropriated.

Article 39. To see if the town will accept the relocation of Pleasant Street between Lower County Road and Shore Road, West Harwich, as made by the Selectmen.

Accepted and adopted.

Meeting was adjourned at 4:30 o'clock p. m.

There were no special Town Meetings held this year.

Respectfully submitted,

HENRY K. BEARSE

Town Clerk.

GERSHOM D. HALL

Selectmen

ANNUAL TOWN MEETING WARRANT

FEBRUARY 4, 1935.

Barnstable, ss.

To either of the Constables of the Town of Harwich in said County Greetings:-

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the Inhabitants of said Town qualified to vote in Elections and Town affairs to meet in Exchange Hall in said Town on Monday, Feb. 4th, 1935, at Nine O'clock A. M., then and there to act on the following Articles:-

Article 1. To choose a Moderator to Act at said Meeting.

Article 2. To choose on one ballot the following Town Officers and Committees: Town Clerk, Town Treasurer for one year; one Selectman, Overseer of Public Welfare and Board of Health for three years; one Assessor for three years; three Herring Committee for one year; one School Committee for three years; three Constables for one year; one Trustee of Brooks Library for three years; one Park Commissioner for three years.

Article 3. To choose all other necessary Town Officers and Committees.

Article 4. To see if the town will vote to authorize the town treasurer with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To hear the report of all Town Officers and Committees for the year 1934.

Article 6. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, and act fully thereon.

Article 7. To see if the town will vote to Instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85 and acts and amendments thereto to the revised Laws of Massachusetts and to make any regulations in regard to such fisheries as may be expedient, and act fully thereon.

Article 8. To see if the town will vote to appropriate the sum of Four Hundred (\$400.) Dollars to establish and maintain an Information Bureau, and to authorize the Moderator to appoint three persons to select the location and suitable person to operate the same from May first to October first. The location and person selected shall be submitted to the Selectmen for approval.

Article 9. To see if the town will authorize the Treasurer to assign tax titles owned by the town.

Article 10. To see if the town will vote to instruct the Selectmen to sell at public auction or otherwise, the land and buildings now owned by the town and formerly known as the Olivia Hall homestead, in the village of North Harwich, and authorize the Selectmen to give a deed of the property.

Article 11. To see if the town will vote to instruct the Selectmen to bid in all property sold by the town for taxes and the same to remain the property of the town unless the same is redeemed by the owners. All property not redeemed shall not be sold unless so voted by the voters of the town and then at Public Auction well advertised.

Article 12. To see if the town will vote to have all State and Town Elections where Australian Ballot system is used, on the Street floor of this Hall.

Article 13. To see if the town will instruct the Moderator to select a committee of two to get the cost of installing a microphone and amplifier to be used during Town Meetings, and report at next Town Meeting.

Article 14. To see if the town will vote to allow the school children to use the northerly side of Brooks Park Ball Field for Foot Ball Games, also the Ball Field and bases for Base Ball, when not in use by the Harwich Athletic Association.

Article 15. To see if the town will instruct the Moderator to select a committee of three to secure an estimated cost per square foot for a plank walk six feet wide, to set on cement posts between Allen and Wychmere Harbors. To be built in sections three feet above high water mark. Committee to report at next Town Meeting.

Article 16. To see if the town will vote a sum not to exceed Fifteen Hundred (\$1500.) Dollars to pay for the cost of removal of garbage, ashes and other refuse from the homes of summer residents in the more thickly settled sections of the town during the summer months. Such work to be carried out under the supervision and regulations of the Board of Health.

Article 17. To see if the town will vote to authorize the Selectmen to quitclaim the Town's interest, if any, in the so-called Julien Wharf Property on Snow Inn Road.

Article 18. To see if the town will vote to purchase a piece of Meadow Land adjoining the Town Dump and now being used by the town for dumping; and to raise and appropriate the sum of Sixty (\$60.) Dollars for payment of the said Meadow Land, and to act fully thereon.

Article 19. To see if the town will vote to reimburse Helen Duncklee, the sum of \$12.68 paid the Cape & Vineyard, for street light erected on Sea Street, Harwichport.

Article 20. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars for the benefit of the Harwichport Library Association.

Article 22. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars for the benefit of the Chase Library, West Harwich.

Article 22. To see if the town will vote to raise and appropriate a sum of money not to exceed Fifteen Hundred (\$1500.) Dollars, under the provisions of sub-section 21 of Section 1 of Chapter 371 of the Acts of 1921, and any and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

Article 23. To see if the town will vote to raise and appropriate the sum of Twenty-five Hundred (\$2500.) Dollars to be used under the direction of the Selectmen for the promotion of public recreation and amusement in the form of Baseball, in accordance with Legislative Acts of 1930, Chapter 12, Section 1.

Article 24. To see if the town will raise and appropriate the sum of One Thousand (\$1000.) Dollars for the dredging of the entrance to Allen's Harbor, under the supervision of the State of Massachusetts; providing the State will subscribe an equal amount, One Thousand (\$1000.) Dollars, and apply the sum of Five Hundred Sixty-one Dollars and Sixty-seven cents (\$561.67) now held by the State as a cash remainder left after the rebuilding of the jetty in 1933.

Article 25. To see if the town will vote to raise and appropriate the sum of One Thousand (\$1000.) Dollars, provided the County contributes One Thousand (\$1000.00)

Dollars and the State Two Thousand \$2000.) Dollars, for jetty work between the Chatham and Dennis lines, to be expended under the direction of the Water Ways Department, and act fully thereon.

Article 26. To see if the town will vote to raise and appropriate the sum of Two Thousand (\$2000.) Dollars, providing the State will contribute the same amount or more, for the purpose of dredging the channel at the entrance and inside of the jetty at Herring River, West Harwich, and to act fully thereon.

Article 27. To see if the town will raise and appropriate the sum of Two Hundred Fifty (\$250.) Dollars defraying expenses of the Junior Community Band and other Cape musical organizations, in the giving of five free band or orchestral concerts at Brooks Park, and act fully thereon.

Article 28. To see if the town will vote to raise and appropriate the sum of Eight Hundred (\$800.) Dollars to purchase 800 feet of two and one-half inch fire hose, the same to replace hose which has become unfit for service through five years of use, and act fully thereon. By request.

Article 29. To see if the town will vote to raise and appropriate the sum of Twenty-One Hundred and Sixty-six Dollars (\$2166.) to purchase and equip a new Ford V8 Truck Chassis with an 650 G. P. M. Centrifugal Pump, 500 Gal. Water Tank, Hose and other equipment necessary to insure an efficient fire fighting unit, and act fully thereon.

Article 30. To see if the town will vote to maintain two street lights on Hoyt Road and to raise and appropriate a sufficient sum of money for this purpose.

Article 31. To see if the town will vote to raise and appropriate a sufficient sum of money to erect and maintain one street light in East Harwich, in front of Parsonage on Harwich-Brewster Road.

Article 32. To see if the town will vote to raise and appropriate a sum not to exceed Five Hundred (\$500.) Dollars to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the Town and unable to pay for such care and treatment, in accordance with Section 74, of Chapter III of the General Laws, or take any action in relation thereto, and act fully thereon.

Article 33. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars for the use of Harwich Post, No. 292, American Legion, in the proper observance of Memorial Day and Armistice Day. By request.

Article 34. To see if the town will vote to pay a bounty of twenty-five cents on Crows killed in the Town of Harwich, and raise and appropriate Two Hundred (\$200.) Dollars for the same. By request.

Article 35. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars for material for hardening the road from the residence of Dr. Coffin to the beach. By request.

Article 36. To see if the town will vote to appropriate the sum of Three Hundred (\$300.) Dollars to widen Stomach Road in Harwichport, and to put in more pipes to carry off the water coming from above.

Article 37. To see if the town will vote to appropriate the sum of One Thousand (\$1000.) Dollars to build the sidewalk from where it left off near the property belonging to Valentine Doane, over the hill to connect with the sidewalk built from West Harwich, on the State Highway.

Article 38. To see if the town will vote to appropriate the sum of Two Hundred (\$200.) Dollars to resur-

face the asphalt sidewalks in Harwichport, where surface is worn.

Article 39. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars to seal-coat sidewalks with oil. By request.

Article 40. To see if the town will vote to harden with bituminous concrete or "hot mix" the sidewalk on the West side of Oak Street in Harwich Center from the corner at Main Street to the Chatham Railroad Crossing and to raise and appropriate a sum of money therefor.

Article 41. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars to construct a sidewalk in East Harwich, from or near the corner of "Kendrick Road", thence southerly on the East side of the street, as far as the money will go.

Article 42. To see if the town will vote to instruct the Board of Selectmen to see that the Town spraying apparatus shall not be used to do any other work than town work except that after all highways and town-owned property shall have been sprayed the Selectmen shall be authorized to accept at their descretion such private work within the Town of Harwich, as they may consider to be in the public interest.

Article 43. To see if the town will vote to raise and appropriate the sum of One Hundred and Fifty (\$150.) Dollars, same to be used for repairs and general overhauling of the two small Town Spraying Machines.

Article 44. To see if the town will instruct the Superintendent of Streets to expend some money each year for the purchase and planting of shade trees on the highways, said money to be taken from regular highway appropriation and not to exceed one per cent of said appropriation. By request.

Article 45. To see if the town will vote*that hereafter the Moth Superintendent and Tree Warden of the Town of Harwich, shall be elected by vote of the Town, instead of being appointed by the Selectmen, and that the names of all candidates for the said Office shall appear on the Official Ballot of the Town Election for the year 1936, and to act fully thereon.

Article 46. To see if the town will vote that hereafter the Superintendent of Streets of the Town of Harwich, shall be elected by vote of the Town instead of being appointed by the Selectmen; and that the names of all candidates for the said Office shall appear on the Official Ballot of the Town Election for the year 1936, and to act fully thereon.

Article 47. To see if the town will vote to put the Inspector of Plumbing of the Town of Harwich, on an annual salary; the amount of salary to be fixed by the Selectmen, with no fee to be paid for Inspection.

Article 48. To see if the town will vote to authorize the Selectmen to petition the General Court for a release of the Town of Harwich from the State Plumbing Laws as accepted by the Town, so that the town may regulate its Plumbing Laws to conform with what a Town of the size of Harwich needs.

Article 49. To see if the town will vote to make all interest charges on taxes at the same rate of interest the town can hire money, plus one-half of one per cent.

Article 50. To see if the town will vote to appropriate the sum of Two Hundred (\$200.) Dollars for Industrial School tuitions. By request.

Article 51. To see if the town will vote to instruct the Selectmen to purchase for the sum of Nine Thousand (\$9,000.) Dollars from Edward S. Clark, the beach land on the northerly side of Bank St., containing one and seven-eighths acres more or less, and designated as Lot 6 on As-

essor's Plan, for recreation center and public bathing beach, and said purchase price to be paid from surplus funds.

Article 52. To see if the town will vote to raise and appropriate the sum of One Thousand (\$1000.) Dollars for improving the bathing beach referred to in Article 51, and that this amount be taken from the surplus fund.

Article 53. To see if the town will vote to raise and appropriate the sum of Twenty-five Hundred (\$2500.) Dollars to buy land at the foot of streets leading to the beach from the Dennis line to the Chatham line for public bathing purposes, and that the Moderator shall appoint three citizens to act for the town in purchasing such beach land.

Article 54. To see if the town will vote to accept the layout of Town Ways in Allens Harbor, so-called, with the boundaries and measurements as reported and recommended by the Selectmen, under date of Jan. 2, 1935, and instruct the Selectmen to take by purchase in behalf of the town the land or interest in lands within lines of said layout, to wit:- Wequasset Road from the Lower County Road to Brooks Road, Mirasol Lane from Lower County Road to Wequasset Road, Dunes Road from Brooks Road to Nons Road, and Nons Road almost circular in construction from and returning to Dunes Road; for said town ways, and act fully thereon.

Article 55. To see if the town will vote to rescind the vote of 1930 whereby Three Hundred (\$300.) Dollars was appropriated to make the road from Earl Road to Brooks Road passable and that this amount revert back to the town treasury.

Article 56. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars to build a concrete wharf and fill in at the Town Landing at Round Cove, Pleasant Bay, East Harwich, and act fully thereon.

Article 57. To see if the town will vote to have the Moderator appoint a committee of three to ascertain cost and feasibility of having a tennis court at Brook's Park.

Article 58. To see if the town will vote to rescind its action under Article (10) Annual Town Meeting, Feb. 6, 1922 and vote to make the Collector of Taxes a separate and distinct office from the office of Town Treasurer and act fully thereon; and fix the salaries for each and act fully thereon.

Article 59. To see if the town will vote to rescind Article 15 of the proposed By-Laws and substitute therefor the following article: "All elective and appointive officers and committees shall make a written report to the town and such report shall be embodied in the Annual Town Report, excepting such reports as are prohibited by law from being public.

Article 60. To see if the town will vote to raise and appropriate the sum of Five Hundred (\$500.) Dollars to raise and repair the approaches to the Herring River Bridge on Lower County Road, this work to come under Chapter 90 of the General Laws, whereby the town pays one-quarter, the County one-quarter and the State one-half, total amount Two Thousand (\$2000.) Dollars.

Article 61. To see if the town will vote to raise and appropriate the sum of Twelve Hundred (\$1200.) Dollars for repairing and seal-coating Pleasant Lake Avenue, so-called, leading from Harwich Center to the Brewster line, this work to come under Chapter 90 of the General Laws, whereby the town pays one-quarter, the County one-quarter and the State one-half, total amount Forty-eight Hundred (\$4800.) Dollars.

Article 62. To see if the town will vote to raise and appropriate the sum of Four Thousand (\$4000.) Dollars to construct the road leading from Orleans to Harwich, commencing at the Brewster line and extending toward the

village of East Harwich. This work to come under provisions of Chapter 90 of the General Laws, whereby the State appropriates Eight Thousand (\$8000.) Dollars, the County Four Thousand (\$4000.) Dollars and the Town Four Thousand (\$4000.) Dollars, total amount Sixteen Thousand (\$16,000.) Dollars.

Article 63. To see what action the town will take in disposing of its Herring Fisheries for the year 1935 or for a term of years, and act fully thereon.

Article 64. To see if the town will vote to elect the Moderator by ballot, for one year, in accordance with Section 14, Chapter 39 of General Laws Tercentenary Edition.

Article 65. To see if the town will vote for the appointment of a Fish and Game Warden, as provided in Chapter 21, Section 7, of the General Laws of Massachusetts and raise and appropriate the sum of Two Hundred (\$200.) Dollars for the salary of such warden.

Article 66. To see if the town will vote to raise and appropriate the sum of Fifteen Hundred (\$1500.) Dollars to be expended in connection with E. R. A. work, said money to be spent under the supervision of the Selectmen.

Article 67. To see if the town will vote to transfer the surplus overlay to the Reserve Fund, and act fully thereon.

Article 68. To see if the town will vote to transfer the unexpended balance of the 1930 and 1931 mosquito appropriations into the treasury.

Article 69. To see if the town will vote to accept Part I of the permissive act of the Massachusetts Legislature, proposed Acts of 1932, authorizing the Town of Harwich to supply itself and its inhabitants with water or to take any action relative thereto.

Article 70. To see if the town will vote to raise and appropriate the sum of One Hundred Thousand (\$100,000.)

Dollars for supplying itself and its inhabitants with water as authorized by the proposed Acts of 1932 and determine how the same shall be raised and take any action relative thereto, provided the Selectmen are able to obtain a grant from the Federal Government of One Hundred Thousand (\$100,000.) Dollars.

Article 71. To see if the town will vote to elect by ballot a board of water commissioners as set forth in an act of the Massachusetts Legislature, proposed Acts of 1932, authorizing the Town of Harwich to supply itself and its inhabitants with water.

Article 72. To see if the town will vote to allow one of its board of water commissioners to serve as superintendent of the water department and to receive compensation therefor or to take any action relative thereto.

Article 73. To see if the town will accept additional By-Laws as approved by the By-Law Committee and act fully thereon.

Article 74. To see if the town will vote to increase the salary of the Selectmen, Overseers of the Poor and Assessors, and act fully thereon.

Article 75. To see if the town will vote to raise and appropriate the sum of Twenty-five (\$25.) Dollars for the expense of an officer finding and disposing of unlicensed dogs, and act fully thereon.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
AND THE
SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

We submit herewith the educational, financial and statistical reports for the year 1934.

The past year has been uneventful. The work has been successful through the efforts of our able corps of teachers.

We are in need of better working facilities but due to the financial conditions we withhold recommendations for the present.

You should read these reports carefully with an open mind.

Respectfully submitted,

Ralph W. Doane,

Grace M. Fifield Nichols,

Henry W. Thompson,

School Committee.

HARWICH FINANCIAL STATEMENT

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee of Harwich:

Herewith I submit my fifth annual report as Superintendent of Schools.

In the report of 1932 some space was devoted to explanation of various school costs and in accounting for the money spent. A summary of the receipts and expenditures for 1934 is shown on another page of this report.

In the 1933 report attention was called to the need for more room and more liberal offerings of educational opportunity at the high school. This remains a serious problem. The Principal explains conditions in that building on another page of this 1934 report. In 1933 he reported that, of 218 children who entered the high school as pupils since 1924, only 125 have finished the high school course either here or elsewhere. Ninety-three out of 218 lost out so far as the school was concerned.

This year he again reports that fifteen of those present last spring failed to register this fall and ten more have left since school began. Of this twenty-five who have left it appears that twelve are still in town. Let me ask you to refer to the tabular statement of membership by grades in the back of this report and there note the figures showing the size of grade twelve during the last ten consecutive years in comparison with the membership of the middle and lower grades during the same period. Like many other high schools offering a narrow and restricted program the fatality is great. It is unnecessarily great. Many of these young people are in town without employment and without any apparent plan for advancement. It is the purpose of a modern school to help its pupils to become better and

more useful citizens. It has been said that education should help us do better the things which we do, and eventually help us to do better things. In other words the community can not afford to maintain a school which does not concern itself with the problem of guidance and adjustment of its pupils. It should contribute definitely toward their success and happiness in the work they find to do.

There are two important contributions to the education of our children which the Harwich schools have so far failed to make.

First there has been no provision for those whose interest and aptitudes lie in the direction of practical arts. Few attend college. Many are citizens of the community. Some of them leave school as soon as the law will permit yet have no apparent objective other than to escape the boredom of books, thereby increasing the supply of unskilled labor. In any case they have failed to make the most of those talents which they have, and which the school has offered them no opportunity to develop. A seat in the school building and a few books to study is about as far as our school has been able to go.

Life can be sustained by poor food, poorly cooked, yet it is much more enjoyable, not to say more healthy, to have meals well chosen and well prepared. It often happens that knowledge of foods and food values enables one to prepare an appetizing and sustaining meal at less expense than one less attractive or less adequate would cost if knowledge of food values and skill in preparation were not present. The same comparison holds with clothing the family, raising a garden, maintaining a house or repairing an automobile. The community prospers to the extent that its people are industrious, educated and happy. It appears like an investment in successful living.

A second contribution which our schools have failed to make lies in our failure to provide a class of special help

for those children of the younger group who have difficulty in adjusting themselves to the work of their grade or who need special individual assistance in order to accomplish the things which they might accomplish if they were so aided. There are a few children who are thus failing to get what they should because of lack of such guidance as can not be provided by the more formally arranged program in a class of thirty to forty.

Such a class is a part of the regular program of modern school systems many of which are far less able to supply such need than is the Town of Harwich.

It would be idle to report shortages if there were no remedy. There is a remedy which has long been recognized but thus far has not been applied. The old school buildings leave no opportunity to do the things which should be done. They are filled to capacity. There is no space for these special classes for which there is such outstanding need.

It seems to be the opinion of many that a new school must come sometime. Is it not time now to lay the plans? Whatever is proposed regardless of need can not be accomplished without room.

I have learned that it is likely that the State would aid in the establishment of a trade school in Harwich. This would mean that the town would be required to furnish housing and equipment if the project were planned and approved. Can it be done? Where? When?

How should it be done? Should the town build or rent a shed for the purpose or is it in keeping with the ideals and standards of this community to provide things which are in line with the value of the product and the urgency of the need? Do we know what is needed? Do we care what is done? I believe that the answer to these questions will be correct and I trust that active plans may be resumed to correct these situations at an early date.

If you will refer to page one of the 1933 town report you will read

“Town of Harwich, Cape Cod

* * *

Low Valuation	\$5,935,790
Low Tax Rate	18.50
Good Schools	
Good Roads	

* * *

No Bonded Indebtedness—No Bills Payable
No Money Borrowed in Anticipation of Taxes.”

On page 31 of that report we also find listed \$88,668.42 in excess of liabilities. This would go a long way toward a new school without the burden of excessive debt.

We may also add that after deducting reimbursements Harwich spent for education \$69.23 per pupil in net average membership from local taxation in that same year ranking 42nd. from the highest in cost per pupil among the 108 towns of the state having less than 5,000 population and maintaining a public high school.

We should further state that its expenditures for schools from local taxation was \$5.71 per thousand dollars valuation which was 98th. from the highest in the same group of 108 towns.

I do not advocate a new building in order to “keep up with the Joneses” but it would seem that it might be possible to afford advantages for Harwich children comparable with the best in the state.

I am glad to report that the work of the schools during the past year has been carried on to the best of the ability of a very fine corps of teachers. I am proud to be associated with so fine a group of able and earnest workers. We can well be proud of the children.

Excellent results are to be seen in the work in art and music. The value of this work should be greatly increased by additional effort if there were room to hold special classes in these subjects without a consequent loss of time by other classes. Mr. Greeley could arrange for more advanced work in special lines if he were given opportunity. As it is he has done excellent work during his few months with us. In the same way the music ability of those with talent could be developed with pleasure and profit to themselves and others by expenditure of more time with the subject.

Manual training remains on the same basis of one day per week which is donated by the 4H Club leader from the County Extension Service. This is an excellent beginning by an able instructor at no salary outlay by the town. The boys are ready and anxious to be allowed opportunity to grow in this field.

The physical education program is limited to playground activities plus an occasional basket ball game in the Exchange.

I believe Harwich should be alert in the consideration of ways and means for greatly improving its schools. The cost is within its ability to afford.

It would be much more pleasing to all concerned if my report should deal only with the many fine things to be found in the schools. Such a report as is hereby rendered is not prompted by a spirit of criticism. It is motivated by the belief that you should face the facts and know the truth. If the above portrayal seems unnecessarily critical I trust that a corresponding awakening to knowledge of actual conditions may be stimulated.

Let me express my appreciation of the understanding and cooperation which has been accorded to us in the

past. I would seek a continuance of cooperation in the future.

Respectfully submitted,

CHARLES H. PRATT,

Superintendent of Schools

REPORT OF HIGH SCHOOL PRINCIPAL

To the Superintendent of Schools:

In my report of last year I spoke of the large number of pupils who leave school before graduating and of the need of a rearrangement of studies to satisfy the needs of the children of the town who apparently do not profit by the traditional college preparatory work of the school.

I propose to give further evidence of this situation by the statistics of this year's registration, and to stress the point that some curriculum revision is desirable.

Last June, when the preliminary count of the Fall enrollment was made, the figures indicated that the High School building would have more pupils than it could accommodate. The school authorities became greatly concerned, and preparations were made for a double session day. This plan seemed the most feasible, but would entail considerable expense.

When school opened in September, we found that fifteen of those who had been expected to attend did not enroll. Of these fifteen, five moved out of town, seven left to go to work, one entered another school, and two left for other reasons. This decrease from the expected enrollment enabled every pupil to have a seat, and made the double session unnecessary.

Since school started in September, ten pupils have withdrawn. Seven have moved from town, and three withdrew for reasons of health.

The October 1 census of pupils showed an enrollment of:

Grade 7	45
Grade 8	47
Grade 9	34
Grade 10	33
Grade 11	17
Grade 12	17
P. G.	1
	<hr/>
	194

This enrollment of 194 on October 1 has been changed by removals to 188 at the present time. There are 203 pupil stations in the school. The enrollment of the present sixth grade is 65. If all pupils attend in September 1935 the enrollment would be 235. However, figuring on the experience of former years, fewer than this number will probably enroll.

As the membership in grades seven and eight has gotten beyond where either grade can be in one division, four additional classes had to be provided in the daily program. Inasmuch as the program was already full, four existing classes had to be dropped. These were: Activity period for grade seven, Activity period for grade eight, Mathematics twelve, and Latin eleven and twelve. At the present time the Seniors and Juniors combine to make one class in alternate years in American History and Government, and Economics and Commercial Law. The present enrollment of grades ten and eleven which will be eleven and twelve next year is 50. We have no room to accommodate a class of 50, so undoubtedly this combined class will have to be divided. This will add one more recitation, which

calls for a room and a teacher, to a program which is already completely filled.

In the Spring term of the last school year, we tried an educational experiment which met with a satisfactory degree of success. Instead of a day of seven 40 minute periods, a schedule of six 60 minute periods with a rotating day was made. The 60 minutes were so divided that a new section of work could be undertaken each day. The first section was for the explanation of the new assignment, then followed a period of supervised study, and then a checking of the learning process. If any home work became necessary, it would be on work which would be familiar instead of unguided study on new material, as under the usual procedure. Both teachers and pupils were enthusiastic over the achievements which resulted, and the plan seemed worthy of continuance. However, with the increased September enrollment in the lower grades, and with the additional classes which followed, it became impossible to schedule the classes in the program. The new plan had to be dropped for the original 42 class period day.

I feel that I should speak of the work being done under the direction of Mr. Greeley, teacher of Drawing. It is very commendable. The pupils are responding splendidly to his instruction and the classes are accomplishing very satisfactory results.

The new desks and chairs which were installed in the seventh grade home room last spring have added greatly to the appearance and comfort of the room.

I am hoping that somehow in the future the opportunity will arise whereby we may enrich our present program to include a more comprehensive study of Community Civics, that Current History may become available as a study for all pupils, that the Class Activity programs may

be restored and enlarged, that Practical Arts for girls will be instituted, that Assembly programs may be held, that Gardening for interested pupils will be practiced, and that a comprehensive program of Club work will supplement our present curriculum.

Respectfully submitted,

Paul A. Morris,

Principal.

REPORT OF THE ART SUPERVISOR

To the Superintendent of Schools:

The following report is respectfully submitted for five months of the School year of 1934.

In all classes the aim has been to make art a vital part of the school program. From the first year and through high school, the projects and problems in art are correlated with most of the school subjects, the things in which the pupils are interested, and civic activities.

Elementary school class work is graded according to year. The course includes the study of Design, Construction, Representation, and Color. The room teacher of each class conducts the course with the assistance of outlines and demonstration lessons.

The junior high school work is of a more specialized nature, and is carried on under personal instruction. In these classes each student becomes more adept in the use of elementary mediums and experiments with new mediums of expression: poster paint, block prints, pen and ink, and charcoal. The junior high school course is prerequisite to high school work.

Art in the high school is an elective subject. A more intensive study of representation is to give each student a working knowledge of proportion and values that he may use drawing to express his idea clearly. Design and color give the student a practical knowledge of arrangement, that he may use it in school notebooks, interior and exterior arrangement of his home, the making of attractive posters and programs many ways associated with display and advertising in industry and business. The course gives opportunity to develop practical ability in free hand sketching, useful for business and industry, and in mechanical

drawing, valuable for the reading of plans. A high degree of proficiency would warrant following art as a profession. Worthy and profitable use of leisure through the mediums of pen, pencil, ink and watercolor, block printing of paper and fabrics, holiday cards, programs and booklets, posters, and tiles is gained.

The cooperation of the teachers has immeasurably helped in carrying out projects, and by their assistance much has been contributed to the success of the course.

Respectfully submitted,

Paul G. Greeley,
Supervisor of Art

REPORT OF THE SUPERVISOR OF VOCAL MUSIC

To the Superintendent of Schools:

Since the first and second grade teacher keeps a copy of each rote song taught by the supervisor, she has several songs for the seasons and for special occasions such as Columbus Day, Thanksgiving, etc., from past years and can teach them to new groups each year. The general theme of the rote songs taught by the supervisor this year, therefore, is not a seasonal one, but deals with playthings and toys of the child world, such as MY TEDDY BEAR, and PLAYING HORSE. In each first and second grade there is a choir whose members are selected by their ability to sing a given song entirely correctly by themselves. The little choir enthusiastically sings as a group or as soloists in class and on special programs for their own and others' delight.

Note reading by syllables is started in the latter part of Grade II, and continued through Grade VII and VIII with increasing technical problems in each year.

In Grade VI, VII and VIII (in addition to the singing of three part songs) a brief study is being made of ten compositions and their composers. This list of ten is one made from a national questionnaire as to the ten best liked compositions of all the wealth of classical music. It includes such pieces as Minuet in G, by Beethoven, and To a Wild Rose by MacDowell. These selections are often heard on radio and concert programs and the child's enjoyment of them is greater because he is already familiar with the compositions and their musical background.

A Chinese operetta, Little Almond Eyes, was successfully produced by the Harwich High School chorus in No-

vember 1934. These performances develop not only soloists and choristers for musical entertainment, but also tend to develop personality, to cultivate poise, and to foster cooperative work among the members of the group. For these reasons they should be encouraged. Four selections were sung by the chorus at graduation in June 1934; and two songs by the union chorus from Chatham, Harwich and Orleans were on the Monomausett Club concert program in November 1934. Participation in this union chorus where fifty or more pupils sing together to a responsive audience is fine experience for the singers, giving them an opportunity to sing some more elaborate works than is ordinarily possible in small groups, and giving them also the sense of fellowship which comes from being apart of a large and successful whole. Because 99% of us can sing, whether a little or a lot, we are prone to disregard our own ordinary voices thinking that to a few fortunate ones belongs the joy of singing. Schools is where we should learn the fun of singing which we may carry with us wherever we go in all our daily work, and home is where we must be encouraged to use the ability we do have.

Respectfully submitted,

CHARLOTTE PATCH,

Supervisor of Vocal Music

REPORT OF SUPERVISOR OF INSTRUMENTAL MUSIC

To the Superintendent of Schools:

It is an uncontested fact that instrumental music which was introduced in the Public Schools only during the last decade is the study that has met with more favor than any other subject that had been introduced before, and in spite of the economic condition it has grown to large proportions both in popularity and size.

In our particular district instrumental music has grown beyond the expectations of even the most optimistic. When the instrumental music movement started a few years ago the Cape Cod folks of our district had not much faith that their children were musical. They thought music was a gift bestowed only to certain nations and people. It took a few years to convince them that their children could learn to play an instrument as well as any intelligent child on earth. The next thing to be fought out was the fact that our people did not think it possible for us to have as good a musical organization as any other city or town in Massachusetts. As far as music was concerned we had an inferiority complex. This complex was dispelled by having our musical organizations play with those of other districts on the Cape. Those who have witnessed some of these events such as the concerts by the Cape Cod School Music Combined Orchestra and the Band Contest at Hyannis were assured beyond any doubt as to the caliber of our organizations. The crowning event of these activities was our participation in the State Contest with one of the largest orchestras and bands. Here our band received the highest honors in their class, and received many high comments on it. Our Orchestra got superior and excellent ratings which is a higher rating than that of any other orchestra on the

Cape, and high comments on its playing.

I am very pleased to say that the close cooperation between vocal and instrumental music is even more advanced this year. This fact tends to make our various musical activities much more interesting. Miss Patch is doing splendid work in her vocal department and the participation of both vocal and instrumental music in our major concerts has proved a big success. The last Monomausett Concert proved to be an unusual success and met with the utmost approval of both teachers and pupils.

Coming events by our orchestras include a Concert by the Cape Cod School Symphony at Hyannis, our April Monomausett Concert and demonstration concerts in each town with the local orchestra.

The advanced musicians of our schools have the privilege of joining the Cape Cod Philharmonic Society. This Society has more than 120 associate members from all over the United States and about 50 active members. It is gaining prestige every year as the Cape's leading musical organization.

Our wind players are becoming members of the Cape Cod Junior Community Band which is made from pupils of our district. This is the Band that won high honors at the State Contest.

There are several outstanding pupils from our schools who are taking lessons from specialists in Boston or have already joined the New England Conservatory. Mrs. Nassi gives private attention to the beginners' classes and to the Junior Orchestra.

I hope that Harwich will be able to abolish the 25c payment from each pupil as Chatham and Orleans have already done. I am sure that Harwich can afford as well as the above mentioned towns to give their students an absolutely free musical organization. This will enable our

orchestra to be bigger and better, and I think it is worth many times the little difference in price of 100 dollars per year. There are at present the following number of pupils enrolled in the instrumental course:

Orchestra 25 members.

Junior Orchestra 10 members.

Beginners 13 members.

Mr. Morris and his staff of teachers of the Grammar and High Schools are keenly interested in our work and they are giving the orchestra every opportunity to appear before the public.

Respectfully submitted,

THOMAS NASSI,

Supervisor of Instrumental Music

REPORT OF SCHOOL PHYSICIANS

To the Superintendent of Schools:

As school physicians, we are pleased to report a very successful year so far as the general health of the school children is concerned. There has been an exceptionally low incidence of contagious disease and loss of school time from this cause has been almost negligible.

New problems are arising in our department. One of the most serious, due to the economic depression is the question of proper nutrition. Many of our children are going to school these days with a very small portion of an unnutritious breakfast. An eminent authority claims that one year of good feeding during childhood is more important than 10 years after 40 years of age.

The routine examination showed better general physical health, than did last year's examination. We noted less under nourished children this year. The providing of milk at the schools for needy cases, who are not receiving it from charitable organizations, has undoubtedly been a factor in this improvement.

Another question for solution is the increasing number of accidents resulting from automobiles and bicycles. There probably has never been so hazardous an age for children as the present.

A man about to celebrate his 100th birthday was asked the secret of his longevity. He replied that the first 75 years of his life there were no automobiles, and the last 25 years he has been so feeble he ventured out but little. 15,000 or more unnecessary deaths of school children in this country in a single year is a big toll. Do you claim that there is nothing to be done about it? Note this! For the

last six years automobile accidents to adults on the streets and highways increased 32% while with children they decreased 25%.

We feel that one of the outstanding things of the year has been the very small number of accidents at school. We wish to congratulate the teachers and bus drivers whose vigilance thus made the record so good.

Respectfully submitted,

JOHN P. NICKERSON, M. D.

HAROLD F. ROWLEY, M. D.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

During the past year the school children have been weighed and measured at four month intervals. A fairly regular gain has been noted in the majority of cases. Those who are underweight received instructions from the school physicians, and usually are given milk at school. Those who are unable to pay for milk are given it through the kindness of the Harwich Visiting Nurse Association. During the past year 2738 bottles were given, an increase of 1298 bottles over 1933. This milk seems to help the children a great deal.

The Pre-school Round Up was held June 16, 1934, in the High School building. Dr. Nickerson vaccinated twenty-six children. This Round Up is held for the purpose of examining the children who enter school for the first time in September, and getting corrected as many defects as possible during the summer.

The annual Dental Clinic was held in April and May lasting eleven and one half days in all. Dr. Turner of Marion, Mass., was with us again this year. The Barnstable County equipment was used the first few days of the clinic later being taken to Wellfleet. Dr. Walter Briggs of Attleboro very kindly permitted us to use his office in Ocean Grove for the remainder of the clinic. All children through the sixth grade were examined. All work that was desired was accomplished through the fourth grade, including the fifth grade in the West Harwich School.

Number of children treated	95
Number of deciduous teeth filled	293
Number of permanent teeth filled	243

Number of deciduous teeth extracted	83
Number of permanent teeth extracted	3
Number of cleanings	48
Number of certificates given	72

Those who are able to pay for the work are charged twenty-five cents an operation. Work is done free for those who are unable to pay. This is sponsored by the Harwich Visiting Nurse Association.

Eight children attended the Summer Camp at Pocasset last summer. Seven stayed one month and one child stayed two months. While at camp the children have tonsils and adenoids removed, and necessary dental work attended to. Such a splendid routine is followed that the children return greatly improved physically. The children love to go and usually cry when it is time to come home again.

The Chadwick Clinic was sent to us again this year by the State Department of Health. This clinic is for the purpose of finding new tuberculosis cases, and checking up on the caess that were already known. This year an opportunity for examination was given the children in the seventh, ninth and eleventh grades. Only twenty-seven children availed themselves of this wonderful opportunity. Six of these reacted to the skin test. Sixteen were Xrayed—9 of these were old cases and 7 were new cases. 10 were given a general physical examination by the State Physician. It is thought that next year the State will follow much the same plan as it did this year. In this way they hope to contact all people at least once during youth, thereby gaining control over tuberculosis.

Respectfully submitted,

C. HOPE BECKER, R. N.

REPORT OF SUPERVISOR OF ATTENDANCE

To the Superintendent of Schools:

The year of 1934 has been filled with more or less perplexities. There has been no case of apparent truancy but our problem has been lack of proper food and clothing; in these cases I have had many calls. In the different cases which I have investigated, I have found that the parents that have a garden, perhaps a cow and a flock of hens, have been better able to provide and therefore their children have made better attendance. I have found that in some instances lack of funds to buy seeds kept some people from taking advantage of these resources.

I will call your attention to Chapter 119 of the General Laws and Section 50: Where such children are found without parents or guardians, or in charge of such parents or guardians as such officers deem unfit to care for children by reason of mental incapacity, dissolute habits or poverty, they shall provide for the temporary care of such children until proceedings may be had against them, if necessary, under sections forty-two to forty-seven inclusive.

Another problem which I have met is the children from the ages of 12 to 14 who have lost interest in their studies and whose future seems to be labor with their hands. I wish to recommend in this connecton that there is a need of courses in Manual Training and Household Arts which would fit them better for the problems of life before them.

I want to thank the school committee and you, Mr. Pratt, your teachers and also the School Nurse for their cooperation and I want also to thank our Board of Public Welfare for their quick action in extending relief to every worthy case.

Respectfully submitted,

JOHN T. WOOD,

Supervisor of Attendance.
